

READY WRIST with THUMB SPICA BY MOBILITY BRACES

Easy application wrist brace providing stability and pain relief!

Are your patients **READY** to increase their mobility and decrease their pain? The **READY WRIST with Thumb Spica** is designed to help support and stabilize the wrist and thumb while assisting in providing pain relief for various indications. It is recommended for various mild to moderate wrist and thumb injuries and conditions.

FEATURES

- Adjustable, circumferential straps wrap completely around the wrist to provide improved compression and support
- Dual D-rings offer better strap alignment and positioning
- Customizable palmar and thumb stays work together with dual dorsal stays to provide superior stability and support
- Low-profile design provides a more contoured fit
- Padded and breathable base material offer a more comfortable fit

INDICATIONS

Helps provide pain relief and functional support and stability for:

- Wrist and thumb injuries
- Mild to moderate sprains and strains
- Carpal tunnel syndrome
- Tendonitis
- Rheumatoid Arthritis
- Post-cast healing
